The Plateau Media Cabinets' solid body rest lightly on stainless steel legs, which pierce the underside rail, visually fusing the support and structure of the piece. A 1 1/2" solid edge around the perimeter of the cabinets frames the opening and gives the pieces a substantial look and feel. Sliding doors revealing one adjustable shelf in each compartment. Interior and back perforated with vent holes and cord pass-throughs. Standard in walnut or rift-sawn white oak. Custom sizing, materials and finishes available, please call for a custom quote.

**Options:** interior media drawers, with inserts for dvd and cd storage
