MADE's tile beds are visually and tactically stunning. The Vista Tile Bed's headboard is crafted from solid wood tapered tiles. Each tile is individually glued in place with a 1/16" reveal between them, creating a distinct repetitive pattern. The legs and side rails are all made from solid wood, and the mattress is supported by solid cross rails and a plywood platform. The bed is finished on all sides, so it functions just as well against a wall or in the middle of a room. Standard in walnut or rift-sawn white oak. Custom sizing, materials and finishes available; please call for a custom quote.
